EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Vigil on 5/4/05.

The application has been amended as follows:

In claim 1 line 11 after the words "unit being" delete [positioned within the multibeam optical system and].

In claim 1 line 11 after the words "adapted to" insert – correct individual imaging aberrations of the respective sub-beam with respect to the desired target position and position --.

In claim 1 line 12 after the words "writing process" delete [an] and insert in its place the word – on --.

In claim 1 line 12 after the words "substrate surface" and before the word "for" insert --.

In claim 19 line 7 after the word "surface" delete the words [having the] and insert in its place –being produced by a sub-beam whose --.

In claim 19 line 7 after the words "size and shape" delete the words [of one of the apertures] and insert in their place the words – is defined by a respective aperture--.

Art Unit: 2881

In claim 19 line 10 after the words "target position" delete the words [and/or] and insert in their place the word – and--.

In claim 19 line 11 after the words "a writing process" delete the word [an] and insert in its place the word –on--.

Add new claim 29 having the wording "The apparatus of claim 1, wherein the deflection unit is positioned within the multibeam optical system."

Allowable Subject Matter

Claims 1-29 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: With respect to independent claims 1,19 the prior art of record does not teach nor disclose wherein for each sub-beam, a deflection unit is provided, the deflection unit being adapted to correct individual imaging aberrations of the respective sub-beam with respect to the desired target position and position the sub-beam during a writing process on the substrate surface, in combination with the remaining aspects of the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
